

50th Anniversary **Gift Guide**

The year was 1955, we liked Ike, Rock-n-Roll was in its infancy, and a company named Yamaha introduced its first motorcycle the YA-1. Fads come and go, fashions change and recycle, but one thing remains constant—Yamaha's dedication to quality, reliability, and performance.

For half a century, Yamaha Motor has conquered one challenge after another to turn ideas and dreams into reality. In celebration of our 50th Anniversary, we are proud to offer a collection of apparel and gifts to bring back the feel of yesteryear. In each item, there is a thread of the unique spirit that has built the Yamaha brand of today.
